2019

The Summer 2019 Pell Grant Payment will not be processed for students who do not have a completed Financial Aid File or are in Terminated status at the beginning of the Summer 2019 semester. Students in Terminated status due to extenuating circumstances, may appeal the decision by submitting a financial aid appeal. If your appeal is approved, your payment will be processed on the next scheduled payment date.

- Payment amounts are based on the number of units enrolled in on the date disbursement is determined
- The last day the Financial Aid Office will process payment adjustments is **July 03, 2019**
- Units for late starting classes are not included in the enrolled units until the class actually starts
- Students who drop all classes on or after **July 03, 2019** will not be required to repay Pell Grant funds. Students will, however, be placed on immediate financial aid termination—check the Financial Aid Guide on website for information on eligibility for appeal
- Classes that students enroll in after **July 03, 2019** are not accepted for financial aid—students will not get paid financial aid for these classes
- Financial aid payment dates may change due to availability of funding—if this occurs, a revised payment

Eligible students who file early, and verify financial aid file is complete, can receive their financial aid disbursements shortly after the semester begins

Financial Aid is disbursed through **BankMobile**. Have you made your online selection yet?
